## FULL STACK ENGINEER

Full Stack Engineer with over 3 years of experience, with a proven track record of being adept & proficient in assessing challenging situations, analyzing problems, and bringing forward creative solutions. Experienced in using technologies like Javascript, HTML, CSS, Next.js, Typescript, React, Node.js, and PHP. I leveraged accounting background to bring innovative approaches to code development and build dynamic applications.

## TECHNICAL SKILLS

**Frameworks/Tools:** React.JS, MySQL, PostgreSQL, PHP, Typescript, Tailwind CSS, Bootstrap, Figma, Git

**Languages:** SQL, HTML, CSS, PHP, Ruby, Javascript

**Databases:** MySQL, PostgreSQL, Redis, Snowflake

**Deployment:** Github Actions, Docker

## EXPERIENCE

### **Betterhelp**

Full Stack Engineer

08/2023 - 11/2025

- Developed multiple redesigned web pages of our legacy PHP code into React, making their management easier to handle and re-use.
- Refactored CC processor to use Stripe Payments Element and the updated Stripe Charges API, improving the way we handled membership subscriptions for clients.
- Implemented the architecture for International SMS with Twilio, which allows us to send local messages to our customers in our newly emerging international markets including UK, France, and the Netherlands.
- Supported the growth of new hires by providing mentorship, while fostering alignment with company culture values.
- Participated in code reviews and sprint planning, contributing feedback on feature design, scalability, and maintainability.

### **Betterhelp**

Jr. Full Stack Developer QA Engineer

11/2021 - 08/2023

- Developed features for the internal employee CRM to enhance operational efficiency, including a tagging system that enabled the Member Success team to track client-specific experiments and features before speaking with clients.
- Proactively identified and resolved bugs & edge cases in the app, improving reliability and user experience. Have been recognized for thoroughness and attention to detail.
- Worked closely with cross-functional teams to align feature development with business goals, and ensure high-quality releases.
- Authored and maintained internal docs to streamline onboarding processes and share technical knowledge across the team.

### **Advantage Capital Funding**

Accounting

08/2018 - 05/2020

- Managed and maintained SQL database keeping records of client income.
- Grew client database to track payments and reconcile outstanding accounts. Improved processes and efficiencies department-wide.
- Built an emailer system to communicate with investors of their syndication overview.
- Developed scripts and spreadsheets to reconcile investor's portfolio.
